

Welcome to Melitopol State University

About us

- **Melitopol State University** was founded on **May 27, 2022**
- Joined to the **Ministry of Science and Higher Education of the Russian Federation** - [30.03.2023](#)

10 Faculties

5 Colleges

40 Departments

6 Science institutes

106 Programmes

1265 Academic staff

Our students

15 055

Students

Forms of education :

- **Full-time**
- **Part-time**
- **Individual**

Faculty of Technology

Technical graduates hold a wide range of positions in fields such as:

- Electrical engineering and Electromechanics
- Electric power industry
- Information security
- IT-technology
- Operation of transport and technological machines and complexes
- Applied mechanics

Faculty of Agrotechnology

Graduates of Agro-Tech hold a wide range of positions in fields such as:

- Agronomy
- Technological machines and equipment
- Food production from plant raw materials technologies
- Computer engineering of food production
- Agricultural chemistry and agrosoil science
- Gardening
- Agroengineering

Faculty of Natural Sciences

- ***Science graduates hold a wide range of positions in fields such as:***
- Philology,
- Ecology,
- Geography,
- Mathematics,
- Physics,
- Native land and country,
- Chemical and biotechnological production,
- Landscape architecture,
- Forestry management,
- Biomedicine

Faculty of Social and Humanitarian Studies

Graduates of faculty of Social and Humanitarian Studies take a wide range of positions in fields such as:

Graduates of Tourism and Service hold a wide range of positions in fields such as:

- Tourism industry
- Management of tourism enterprises
- Public catering management
- Product technology management

Faculty of General Education

Graduates of General Education hold a wide range of positions in fields such as:

- Pedagogy and psychological-pedagogical education
- Primary education
- Preschool education
- Special (defectological) education
- Musical and choreographic education

Faculty of Innovative Pedagogy

Graduates of Innovative Pedagogy hold a wide range of positions in fields such as:

- Russian language and literature
- Mathematics, physics, methods of teaching mathematics and natural sciences
- Physical education and sports
- Methodology of biological and chemical education
- Methodology of geographical and historical education
- Engineering pedagogy

Faculty of Power Engineering

Graduates of Power Engineering hold a wide range of positions in fields such as:

- Electric power engineering and electromechanics
- Civil safety

Our laboratories

- **5 modern scientific and 3 humanitarian laboratories** are opened in MeISU.
In the following areas: physics, chemistry, biology, pedagogy, mathematics, history, linguistics and information technologies.

Our champions

Sergey Zhovtovsky

World champion in armlifting, champion in powerlifting and its individual movements, national, European and world record holder in various sports and disciplines. Sergey became a participant of the show "Super Ninja 2022".

In 2023 he won the World Championship in St. Petersburg in 8 different nominations, where he took 2 first places, 2 second and 4 third places.

Sofia Chub - Shvets

As a result of a difficult struggle, the 1st year student of Melitopol State University specializing in Physical Culture Sofia Chub-Shvets became a new world champion.

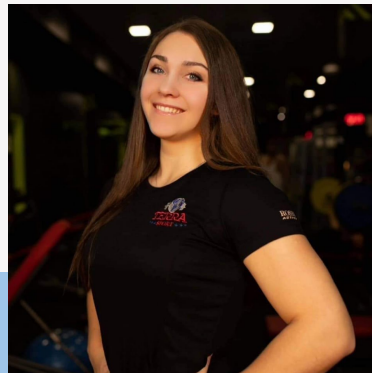

Having taken part in the World Kettlebell Lifting Championship and Championship, she won a gold medal, having lifted a 16 kilogram kettlebell 223 times.

Olga Sukach

Olga Sukach, a student of Melitopol State University, won a gold medal at the World Mas Wrestling Championship in Uzbekistan.

More than 200 athletes from 18 countries participated. As a result of a difficult struggle the student of our university Olga Sukach (coach - Roman Dzyuba) became a new world champion in women's mass-wrestling in her weight category.

Student activity

Melitopol is warm and native land!
